

Our Product

Rose Promotions has been providing fine quality boxed roses to groups for fundraisers for over 40 years.

Our product consists of one dozen long stem roses packaged with a piece of decorative greenery.

We place the roses and the greenery into a wet block of floral foam to help keep the roses fresh.

The roses, greenery and foam are placed into a 24" white florist rose box that has been lined with a piece of florist wax paper. The wax paper covers the block of wet floral foam.

We also include a packet of floral preservative and complete care instructions in each box. Adherence to these instructions insures better roses.

The box is tied with a gold stretch tie.

These prices may not be available the first 2 weeks of May.

All Prices are F.O.B.
Hillsboro, OR

Delivery Available -
Charged on a Time and
Mileage Basis

Terms and Conditions of Sale

Quantity: Orders must be placed ten (10) days prior to delivery date. We will guarantee that amount. We no longer have a local source for roses so that is the maximum that we will be able to provide you so plan your order accordingly.

Colors: We have no control over the colors of roses available at these prices. Our policy is to buy the best quality rose available regardless of color. The colors of the roses you will receive will depend on the colors available at the time your order is packed. Each dozen rose package will contain the same color.

Payment: Roses must be paid for in full at the time the roses are picked up. If you are having the roses shipped, payment must be received before the shipping date. Please notify your club's treasurer of these terms so that the check can be prepared prior to picking up your roses..

Tips for a Successful Rose Sale

The most successful clubs tell us that they plan their sale well in advance of their delivery date.

Choose your team captains at the beginning of your Rotary year. Organize your teams at least two months in advance. "Kick off" your sale five weeks before your delivery date. Five weeks gives you four weeks to sell and then one week for us to prepare your sale. Remember we need your final count ten (10) days in advance of delivery date.

Don't sell roses by color, as we have no guarantee what the colors will be. Conversely don't promise anyone that the roses will be red. We cannot guarantee that either. What we do guarantee is the best quality roses available at the time regardless of color.

Collect the money at the time of sale so that you can drop off the roses easier on delivery date. This will also enable your club to make the payment due at the time the roses are picked up and save a call back for collection.
